

VOLUNTEERING AND SOCIAL PARTICIPATION

Volunteering and social participation support your well-being and keep your brain active.

Volunteering is done around the world. In Finland, too, people are socially active: they do a lot of volunteering and participate in various associations. Volunteering and being involved in association activities is a good way to integrate into a new environment and find useful things to do.

WHAT IS VOLUNTEERING?

Volunteer work is done for the benefit of others, without pay. Expenses arising from volunteering are usually reimbursed (bus tickets and other costs). Volunteering must not lead to costs for the volunteer.

WHERE CAN YOU VOLUNTEER?

Volunteering takes place in several places, for example

associations

sports clubs

or

for the benefit of individuals

MANY ASSOCIATIONS ARE CONTINUOUSLY LOOKING FOR NEW VOLUNTEERS.

THERE ARE OVER 135 000 ASSOCIATIONS IN FINLAND.

WHO CAN VOLUNTEER?

Anyone who wants to help others. You don't need training, the various organisations train you. Volunteers are bound by a duty of confidentiality, i.e. they are not allowed to talk to others about the person being assisted.

HOW CAN I STOP VOLUNTEERING?

You can stop volunteering whenever you want. Notify the contact person.

WHAT IS AN ASSOCIATION?

People set up associations to meet each other and have an impact on issues that matter to them. In Finland, anyone can set up an association or belong to an association. It is a constitutional right.

Memory associations are patient associations. Patient associations have been established to help and support the sick and their relatives. It provides information on the particular illness, guardianship and peer support.

A small annual fee for members to join the association.

AN ASSOCIATION HAS

...at least 3 members, a common purpose and common rules, and it does not seek to make a profit.

Several associations receive financial support from different parties. You can apply for funding from, for example, the local council, Veikkaus (Finnish National Lottery) or different foundations. With the help of financial funding, associations can hire employees.

WHAT BENEFITS DO YOU RECEIVE FROM ACTIVE PARTICIPATION?

Volunteering gives you the opportunity to make new friends, network and learn more about the culture of the host country!
